# Create a store on Shopify
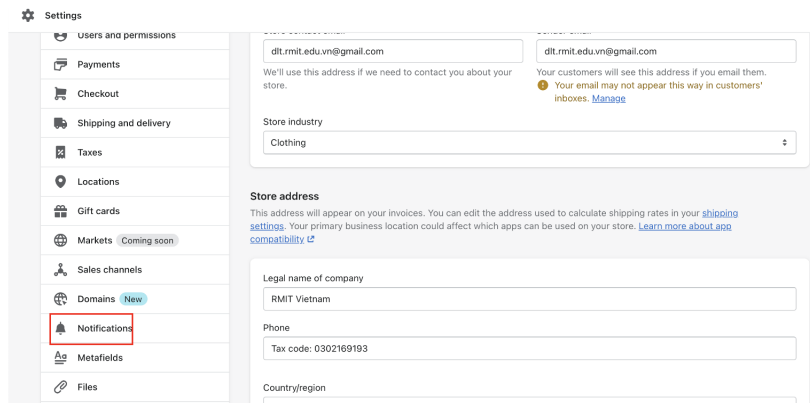

[Create a store on Shopify with some dummies items](#)[1]
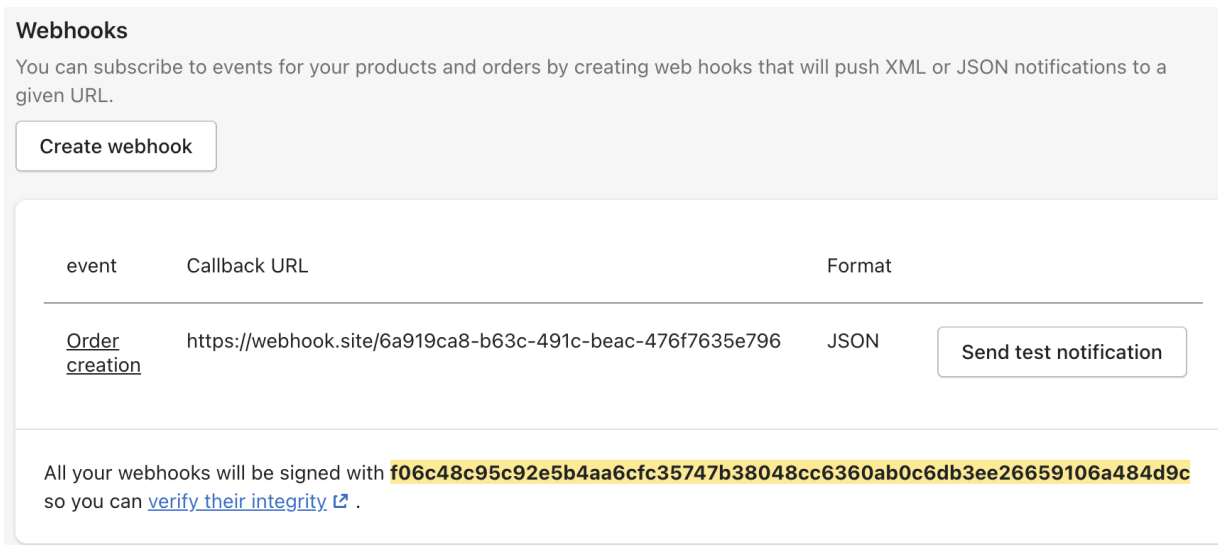

Setting on Shopify

1.   From your Shopify admin, go to **Settings** > **Notifications**.

---

[1] "How to Start an Online Store in 9 Simple Steps - Shopify." 15 Mar. 2022, https://www.shopify.com/blog/start-online-store. Accessed 6 Jul. 2022.
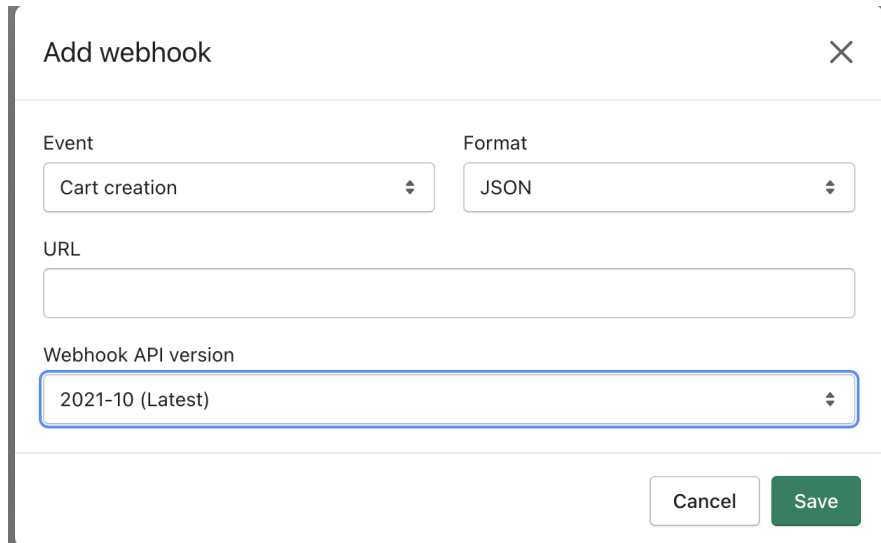

2. Scroll down to the **Webhooks** section. Click **create webhook**

3. A pop-up window will appear like below. In the pop up:
   - Event box - choose the event you want to listen to when that event happens in the Shopify store.
   - Format - just let as default JSON

- URL - put the URL that will listen to the event of Shopify. The URL will be from the webhook.site we will create in next step
- Finally, the Webhook API version, choose the option with **(Latest)**

Add webhook ✕
